Fleming's  
**top10**  
trees

# Welcome

A fourth-generation, family-owned and operated company, Fleming's remains committed to enhancing people's lives and the environment in which they live by the use of quality trees. The importance of trees, both for the food they can produce and for the aesthetic and environmental benefits they give us, is paramount in our dedication to producing quality trees for all Australians.

Fleming's believes that trees are the backbone of good garden and landscape design. Properly selected and sited trees have many positive benefits around the home, helping to control the effects of wind, rain and sun.

Trees are a cheap and effective way to enhance your lifestyle and help the urban environment and the best trees come from the Tree Experts, Fleming's Nurseries.

# SMALL trees

*Lagerstroemia indica x L. faunei 'Natchez'*  
*Lagerstroemia indica x L. faunei 'Sioux'*

These are our Top Ten Trees for smaller areas. Depending on the desired overall effect you can choose flowers, foliage or growth habit to give the result you are looking for in your small garden or courtyard area.

## 1. Indian Summer® Crepe Myrtles

Consistent, reliable, long flowering, drought and heat tolerant. Indian Summers come in a range of smaller growing trees and shrubs.

## 2. *Cercis chinensis* 'Avondale'

Deep green, lustrous, heart-shaped foliage grows in a unique pattern. Attractive small tree. Yellow in autumn. 3 x 2m\*

## 3. *Acer palmatum* 'Sango Kaku' syn. 'Senkaki'

The highly ornamental Coral Bark Maple is well known for its bright red young stems that add colour in the garden during winter. 6 x 5m\*

## 4. *Cercis canadensis* 'Forest Pansy'

Large, dark purple, heart shape foliage. Brilliant yellow/mandarin autumn colour. Layered, slightly spreading habit. 5 x 5m\*

## 5. Designer Maple *Acer platanoides*

'Globosum' Popular 'mop top' style. Great maple foliage and tight, round head that requires no pruning to keep shape. 5 x 4m\*

## 6. *Acer palmatum* 'Dissectum Seiryu'

Upright, vase-shaped form of Laceleaf Maple. Delicate green foliage is finely dissected. Good autumn tones. 3.5 x 3.5m\*

## 7. *Carpinus betulus* 'Fastigiata'

Very commanding upright shape with deep green, beautifully textured foliage. Dense, formal tree makes a statement. 10 x 6m\*

## 8. *Betula utilis* var. *jacquemontii*

The best white trunk birch on the Australian market, regarded as one of the more heat and drought tolerant of the birch family. 10 x 6 m\*

## 9. *Prunus cerasifera* 'Oakville Crimson Spire' (b)

An extremely upright form of purple leaved flowering plum. White spring flowers give this tree multi-seasonal appeal. 6 x 2m\*

## 10. *Pyrus calleryana* 'Capital'

The most upright of the ornamental pears, great tree for screening out the two storey house next door. 11 x 3m\*

\*Tree sizes estimated only, at 20 years.  
Indian Summer is a registered trademark  
of Fleming's Nurseries in Australia.

# SHADE trees

These are medium to large trees with moderate to quite dense canopies that are ideal for providing summer shade. Our natural climate controllers!

1. ***Acer x freemanii* 'Jeffersred' Autumn Blaze®**  
Features the classic 'Canadian maple' leaf shape. Moderately dense shade. Bright green leaves on red stems. Lipstick® tree. 13 x 10m\*
2. ***Fraxinus pennsylvanica* 'Cimmaron' Cimmzarn™**  
Drought and heat tolerant. Upright growing and uniform. A beautiful, dense, majestic tree. Dark green leaves have lighter back. 13 x 8m\*
3. ***Nyssa sylvatica*** Conical tree with irregular branching. Moderate to dense shade and suitable for poorly drained sites. A wonderful addition to any garden. 11 x 6m\*
4. ***Acer rubrum* 'PNI 0268' October Glory®**  
Regularly branched, neat habit. Light green, five-lobed foliage. Moderate to dense shade. A Lipstick® Tree. 12 x 9m\*
5. ***Fagus sylvatica* f. *purpurea* - Purple Beech**  
Elegant, stunning, tough. The Purple Beech is royalty of the tree family. Deep shade. Very good specimen tree. 13 x 9m\*
6. ***Ulmus parvifolia* 'Todd' (D)** A new selection of the Chinese Elm. Great tree that handles all sorts of climatic conditions. More regular than the species. Moderate shade. 10 x 11m\*
7. ***Tilia cordata* 'PNI 6025' Greenspire™**  
Beautiful shape and structure. Small, mid-green foliage, yellow autumn tones. Dense. Good option in heavy soils. 9 x 6m\*
8. ***Fraxinus pennsylvanica* 'Urbdeli' Urbanite™**  
Deep, dark, glossy green foliage with a silvery underside. Drought and heat tolerant. Medium to heavy shade as the tree matures. 11 x 8m\*
9. ***Aesculus hippocastanum*** The Horse Chestnut, a magnificent large shade tree. Produces masses of large flowers in spring and has unique foliage. 13 x 11m\*
10. ***Zelkova serrata* 'Green Vase'**  
Lovely wine glass shape, planted along driveways this Japanese Elm will naturally form a shady archway. Orange autumn colour. 14 x 10m\*

\*Tree sizes estimated only, at 20 years.  
Lipstick logo is a registered trademark of Fleming's Nurseries in Australia.

# MEDIUM trees

Fleming's  
**top10**  
trees

1

2

There is a huge range of medium sized trees available to suit a wide variety of uses. Our Top Ten are all proven performers in a range of styles.

3

6

4

5

7

8

9

10

## 1. *Pyrus betulaefolia* 'Southworth' **Dancer**<sup>™</sup>

Birch-like foliage has a silvery sheen. A tough tree that tolerates a wide range of conditions. Leaves 'dance' on slender stems. 7 x 4.5m\*

## 2. *Parrotia persica*

Beautiful green-grey summer foliage. Known for vibrant and varied autumn colours, it is very tough. Often multi-stemmed. Good specimen. 7 x 5m\*

## 3. *Malus ioensis* 'Plena'

The Bechtel Crab. Beautiful, mildly fragrant white flowers with pink buds. Excellent screen tree. Small to medium, broadly rounded shape. 6 x 4.5m\*

## 4. *Acer japonicum* 'Vitifolium'

A wonderful, spreading, softly foliated Japanese maple, ideal as a specimen. Soft green foliage turns to very good red autumn colour. 5 x 5m\*

## 5. *Pyrus calleryana* 'Glen's Form' **Chanticleer**<sup>®</sup>

Ornamental pear suits wet sites, tolerates drought, heat, a whole range of conditions. Narrow crown, glossy foliage. 11 x 6m\*

## 6. *Acer platanoides* 'Crimson Sentry'

Deep purple foliage is a real feature. Retains a very formal, erect stature. Very tough. Excellent as a focal point. 7 x 4m\*

## 7. *Malus* 'Sutyzam' **Sugar Tyme**<sup>™</sup> Crab Apple

Masses and masses of white flowers in spring. Will grow in many soils and difficult spots. A real traffic stopper! 6 x 4.5m\*

## 8. *Acer truncatum* x *A. platanoides* 'Warrenred'

**Pacific Sunset** (♂) Bright green lobed leaves. A rounded, medium sized maple with good drought tolerance. Lovely in autumn. 10 x 6m\*

## 9. *Gleditsia triacanthos* var. *inermis*

**'Elegantissima'** Soft, dense but feathery tree with bright green pinnate leaves. Drought, heat tolerant. 5 x 5m\*

## 10. *Magnolia grandiflora* 'MGIG' (♂)

**Greenback**<sup>®</sup> Tight upright habit, gives a very formal appearance. Hedges well and can be used as a very effective screen. 10 x 5m\*

\*Tree sizes estimated only, at 20 years.  
Greenback is a registered trademark of Fleming's Nurseries in Australia.

# AUTUMN trees

**lipstick**  
THE LIPSTICK TREE

1a

2

3

4

Nothing beats brilliant autumn colour whether it's the stunning reds of the Lipstick maples or the always colour-packed Liquidambars. Autumn is colour!

## 1. Lipstick® Trees

a. ***Acer x freemanii*** 'Jeffersred' **Autumn Blaze®**

b. ***Acer rubrum*** 'PNI 0268' **October Glory®**

c. ***Acer rubrum*** 'Fairview Flame' ♂

For the finest colouring maples, you can't go past a Fleming's Lipstick® tree. Medium sized\*

2. ***Acer palmatum*** 'Osakazuki' Fantastic Japanese Maple. Dull green spring and summer foliage turns to intense crimson and reds in autumn. 4 x 4m\*

3. ***Quercus coccinea*** The Scarlet Oak is typical of the oaks in foliage with dark lustrous green leaves that turn rich reds and crimsons particularly in cooler areas. 8 x 12m\*

4. **Indian Summer®** ***Lagerstroemia indica*** x ***L. fauriei*** 'Sioux' An upright crepe myrtle that has outstanding autumn colour. Can be used in narrow spaces or as an informal screen. 4 x 3m\*

5. ***Liquidambar styraciflua*** 'Rotundiloba' Dark green lustrous foliage turns yellows, through reds to purples in autumn. Quite narrow in growth habit. 13 x 7m\*

6. ***Nyssa sylvatica*** Ideal for wetter sites, the Tupelo is well known for a brilliant display as the seasons change. 11 x 6m\*

7. ***Cercis canadensis*** 'Forest Pansy'

Large, dark purple, heart-shaped foliage turns to brilliant yellow / mandarin autumn colour. 5 x 5m\*

8. ***Pistacia chinensis*** Generally regarded as one of the best medium sized autumn trees in the world. Seedling grown so can exhibit some variation. 8 x 6m\*

9. ***Acer negundo*** 'Sensation' A maple that really lives up to its name as the autumn colour can indeed be sensational! Handles most conditions extremely well. 9 x 6m\*

10. ***Parrotia persica*** Renowned for its varied autumn colours, this tough, often multi-stemmed small tree is a brilliant sight in full autumn glory. 7 x 5m\*

# FLOWERING trees

Fleming's  
**top10**  
trees

Our Top 10 flowering trees range from the spectacular spring blossom of the *Prunus* and *Malus* to the stunning summer displays of *Crepe Myrtles*.

## 1. **Indian Summer® Crepe Myrtles**

Consistent, reliable, long flowering trees that are at their best in hot, dry climates. Wide range of sizes and colours. Image: L. 'Lipan'

## 2. ***Cercis canadensis* 'Forest Pansy'**

A real stand out show of small lilac flowers that encase the branches and trunk in spring followed by dark purple leaves. 5 x 5m\*

3. ***Malus floribunda*** Masses of flowers that open pink and age to white cover this rounded crab apple tree in spring. 5 x 5m\*

4. ***Malus* 'Sutyzam' Sugar Tyme™** Possibly one of the best ever white-flowered crab apples with masses of flowers in spring covering the branches. 6 x 4.5m\*

5. ***Cornus kousa x florida* cultivars** *Cornus* or Dogwoods are among the most floriferous of the late spring flowering trees. A range of sizes and colours. Small trees. Image: C. Constellation™ (L)

## 6. ***Prunus* 'Snofozam' Snow Fountains®**

Sensational display of single white flowers are borne on young wood in spring. A knockout weeping cherry. 1.5 - 2.5 x 2.5m\*

7. ***Malus ioensis* 'Plena'** The Bechtel Crab. Beautiful white flowers form from pink buds. Small to medium, round headed, irregular tree. A floral mass in spring. 6 x 4.5m\*

## 8. ***Cercis chinensis* 'Avondale'**

A very showy cultivar, with masses of darker pink flowers and a better form than is common for the species. 3 x 2m\*

## 9. ***Prunus* 'Sekiyama' syn. 'Kanzan'**

Abundant blooms that are purplish-pink in bud, fading with age to bright pink. Semi-double, flowering cherry. 5 x 4m\*

## 10. ***Prunus* 'Shirotae' syn. 'Mt Fuji'**

Possibly the whitest flowering cherry blossom tree. Delicate semi-double to double flowers hang elegantly in clusters from the stiff branches. 4 x 6m\*

\*Tree sizes estimated only, at 20 years.

# AVENUE trees

1

2

3

A uniform avenue of trees not only looks good, it's a valuable asset to our environment. Our Top Ten Avenue trees would all make a stunning statement as an avenue, driveway, rural or streetscape planting.

## 1. *Zelkova serrata* 'Green Vase'

The natural habit of this Japanese Elm and dense foliage makes it ideal for use around vehicular and pedestrian areas alike. 14 x 10m\*

## 2. *Fraxinus pennsylvanica* 'Cimmzam'

**Cimmzam™** A very uniform and majestic ash tree. Dark green foliage has a lighter back. Drought and heat tolerant. 13 x 8m\*

## 3. *Populus deltoides* x *P. yunnanensis* 'Kawa'

An improved form of poplar with excellent, glossy foliage and very good resistance to disease. Fast growing. 20 x 5m\*

## 4. *Acer x freemanii* 'Jeffersred' Autumn Blaze®

Features the classic 'Canadian maple' leaf shape and excellent red autumn colour. One of Fleming's Lipstick® trees. 13 x 10m\*

## 5. *Fagus sylvatica* f. *purpurea* - Purple Beech

Elegant and impressive. Ideal for creating a stunning avenue particularly where a colour contrast is desired. 13 x 9m\*

## 6. *Quercus palustris*

The Pin Oak, an old favourite on large country properties, creates a very statuesque avenue. Often used for difficult sites. 15 x 8m\*

## 7. *Ulmus parvifolia* 'Todd' (♂) A new selection

of the Chinese Elm. Consistent performer for a range of climatic conditions. 10 x 11m\*

## 8. *Populus* x *P. euramericana* 'Veronese'

A fast growing narrow tree that can be used as a windbreak or as a stunning avenue tree for large, open areas. 20 x 6m\*

## 9. *Quercus palustris* 'Pringreen' Green Pillar®

An impressive columnar form of Pin Oak. Deep red to bronze in late autumn. Great alternative to the poplars. 14 x 3m\*

## 10. *Pyrus calleryana* 'Glen's Form' Chanticleer®

Incredibly tough ornamental pear. All-rounder, perfect for driveways and smaller scale avenues. White spring blossom. 11 x 6m\*

\*Tree sizes estimated only, at 20 years.

Lipstick logo, Autumn Blaze, Green Pillar and Chanticleer are registered trademarks of Fleming's Nurseries in Australia.

# COASTAL trees

Fleming's  
**top10**  
trees

One of the most difficult areas to plant trees is coastal locations. Here are 10 trees that will cope with the sometimes difficult conditions that these areas can present.

1. ***Acer negundo* 'Sensation'** Lovely bronze-burgundy growing tips that turn mid-green in summer. This maple handles most conditions well. Very good autumn colour. 9 x 6m\*

2. ***Acer platanoides* 'Globosum' Designer Maple.** A naturally rounded habit and elegant maple-leaf foliage. Grafted onto a 'standard'. Ideal for courtyards and small areas. 5 x 4m\*

3. ***Magnolia grandiflora* 'MGTC' Greenback®** Highly textural evergreen tree with glossy green leaves that have a smooth back. Large white flowers in summer. 10 x 5m\*

4. ***Morus alba* 'Pendula' Weeping Mulberry** Handles all sorts of conditions. A versatile tree that copes well with heat and dryness. Mid-green, glossy leaves. 4 x 3m\*

5. ***Liquidambar styraciflua* 'Goduzam' Gold Dust™** Variegated form of Liquidambar. A large, attractive tree that brightens up any space. Good autumn colour. 12 x 8m\*

6. ***Liquidambar styraciflua* 'Rotundiloba'** Dark green lustrous foliage that turns yellows, through reds to purples in autumn. Quite upright in growth habit. 13 x 7m\*

7. ***Fraxinus ornus* cultivars** Fleming's grow several styles of flowering ash including one 'mop-top' style. Very tough and reliable small to medium trees.\*

8. ***Platanus x acerifolia* - London Plane** Tried and tested, the London Plane tree is tough, reliable, honest. What more can be said! 14 x 10m\*

9. ***Olea europaea* - Olive Tree** Extremely hardy and adaptable evergreen tree, attractive silver-grey foliage that provides an excellent contrast within the landscape.

10. ***Prunus cerasifera* 'Oakville Crimson Spire' (b)** An extremely upright form of purple leaved flowering plum. White spring flowers give this tree multi-seasonal appeal. 6 x 2m\*

\*Tree sizes estimated only, at 20 years. Designer logo and Greenback are registered trademarks of Fleming's Nurseries in Australia.

[www.flemings.com.au](http://www.flemings.com.au)

# NARROW trees

Here is a range of strongly upright trees that are ideal for use in narrow sites, such as along drives and as screens.

1. ***Quercus palustris* 'Pringreen' Green Pillar®**  
Very narrow, impressive oak with beautiful, dark green, glossy foliage. Ideal for difficult sites. 14 x 3m\*
2. ***Ballerina*® Columnar Apple Trees**  
Very upright trees that fruit all the way up the trunk. Five delicious eating apples and a crab apple. 3.5 x 0.6m\*. Image: 'Maypole'
3. ***Ginkgo biloba* 'PNI2720' Princetown Sentry™**  
Beautiful and reliable upright tree. Unusual and unique, fan-shaped foliage and wonderful yellow autumn colour. 11 x 5m\*
4. ***Pyrus calleryana* 'Capital'**  
The narrowest growing of the ornamental pears. Has the bonus of white spring blossom and autumn colour. 11 x 3m\*
5. ***Indian Summer*® *Lagerstroemia indica* x *L. fauriei* 'Sioux'** Outstanding summer flowers and stunning autumn colour. Versatile, narrow growing crepe myrtle. 4 x 3m\*
6. ***Carpinus betulus* 'Fastigiata'**  
Very commanding, upright shape that makes a sensational statement in the garden. Ideal as a specimen tree. 10 x 6m\*
7. ***Malus tschonoskii*** A crab apple that does not look like a crab apple! Silver-green foliage with grey bark. Great autumn tones ranging from burgundy through to yellows. 7 x 4m\*
8. ***Betula pendula* 'Fastigiata'** Tight, narrow form of silver birch. The white trunk adds interest in the winter months. 11 x 4m\*
9. ***Prunus cerasifera* 'Oakville Crimson Spire' (♂)** Tough and hardy upright form of purple leaved *Prunus*. All the attributes of the well-known tree in a narrow form. 6 x 2m\*
10. ***Liquidambar styraciflua* 'Oakville Highlight' (♂)** Australian selection noted for its extremely upright growth habit and stunning autumn colour. 15 x 4m\*

\*Tree sizes estimated only, at 20 years.  
Indian Summer, Ballerina and Green Pillar are registered trademarks of Fleming's Nurseries in Australia.

[www.flemings.com.au](http://www.flemings.com.au)

# DROUGHT tolerant

Fleming's  
**top10**  
trees

These 10 wonderful trees have proven to be particularly adaptable and tolerant of dry conditions once established.

1. ***Melia azedarach* 'Caroline'** (D) Deciduous Australian native has a good, uniform shape. Purple/white spring floral display. 14 x 8m\*
2. ***Fraxinus pennsylvanica* 'Cimmaron'** Drought and heat tolerant. Forms a neat, stately tree with excellent, dense foliage cover. 13 x 8m\*
3. ***Pyrus calleryana* cultivars** These excellent garden trees can handle everything from heat and drought to waterlogged soil. Flowers in spring and good autumn colour. Image: *P. 'Capital'*
4. ***Ulmus parvifolia* 'Todd'** (D) A Chinese Elm cultivar recently selected for its uniformity and reliability in many conditions. 10 x 11m\*
5. ***Koelreuteria paniculata* - Golden Rain Tree** Extremely drought and heat tolerant. Interesting flowering tree with highly ornamental 'Chinese lantern' seed pods. 7 x 7m\*
6. ***Fraxinus pennsylvanica* 'Urbell' Urbanite™** Dark, glossy green foliage with a silvery underside. Drought and heat tolerant. Among the best of the foliage trees. 11 x 7m\*
7. ***Gleditsia triacanthos* var. *inermis* 'Sunburst'** Extremely heat and drought tolerant. Yellow, fern-like foliage that turns to green with yellow tones in summer. 8 x 8m\*
8. ***Acer truncatum* x *A. platanoides* 'Warrenred' Pacific Sunset** (D) A small to medium, rounded maple. High levels of drought tolerance. Mid green leaves, good autumn colour. 10 x 6m\*
9. ***Acer* x *freemanii* 'Jeffersred' Autumn Blaze®** The most drought-tolerant Lipstick maple with 'Canadian-maple' foliage and very good autumn tones. Good structure. 13 x 10m\*
10. ***Lagerstroemia fauriei* 'Kiowa'** Heat and drought tolerant, white flowering crepe myrtle. Develops sensational, ornamental bark as the tree matures. 8 x 7m\*

\*Tree sizes estimated only, at 20 years.  
Lipstick logo and Autumn Blaze are registered trademarks of Fleming's Nurseries in Australia.

[www.flemings.com.au](http://www.flemings.com.au)

# WEEPING trees

A stunning feature tree in any garden, weeping trees make a big statement. These are 10 of the best.

1. ***Prunus mume* 'Pendula'** Weeping Apricot  
One of the delights of late winter, the weeping apricot's elegant, long, trailing branches drip with pink flowers. 3 x 3.5m\*

2. ***Acer palmatum* 'Dissectum Orangeola'**  
Weeping maple. Foliage emerges orange, then changes to brown-red and green through summer. Autumn colour orange-red. 1.5 x 2m\*

3. ***Acer palmatum* 'Dissectum Inaba Shidare'**  
Weeping maple with beautiful, dark purple, finely dissected foliage that almost has the appearance of purple lace. 2 x 2m\*

4. ***Morus alba* 'Pendula'** Weeping Mulberry  
Great mid-green glossy foliage that handles all sorts of conditions. Heat and drought are not a problem at all for this versatile weeper. 4 x 3m\*

5. ***Acer palmatum* 'Omurayama'** At first quite upright, this sublime weeping maple then develops into a magnificent cascading weeper with stunning autumn colour. 4 x 4m\*

6. ***Prunus* 'Snofozam'** Snow Fountains®  
Sensational weeping cherry with single, white flowers that smother long, trailing branches in spring. 1.5 - 2.5 x 2.5m\*

7. ***Prunus x subhirtella* 'Pendula Rubra'**  
Pink weeping cherry. Single pink flowers have a very soft, beautiful, almost fairytale appearance. Spreading tree. 5 x 5m\*

8. ***Betula pendula* 'Youngii'** The princess of weepers, weeping birches have graceful, long limbs that sway gently in the wind. 2.5 x 4m\*

9. ***Acer palmatum* 'Dissectum Atropurpureum Ornatum'** Weeping maple. Burgundy young growing tips that mature to a green-bronze colour. 2 x 2m\*

10. ***Acer palmatum* 'Dissectum Sekimori'**  
Elegant, green-foliaged weeping maple. Liven up the garden with its vibrant foliage in spring and autumn. 2 x 2m\*

\*Tree sizes estimated only, at 20 years. Height of weepers can be dependent on graft height. Snow Fountains is a registered trademark of Fleming's Nurseries in Australia.

[www.flemings.com.au](http://www.flemings.com.au)

# PURPLE foliage

Fleming's  
**top10**  
trees

Over recent years the range of quality purple foliated cultivars has expanded significantly – featured here are 10 wonderful examples.

1. ***Acer palmatum* 'Dissectum Inaba Shidare'**  
Purple leaf weeping maples are one of the best options for sheltered, small areas. Finely dissected 'lace-leaf' foliage. 2 x 2m\*

2. ***Acer palmatum* 'Dissectum Atropurpureum Ornatum'**  
A weeping maple with deep burgundy growing tips that mature to green-bronze leaves during summer. 2 x 2m\*

3. ***Betula* 'Penci-2' - Royal Frost™**  
An improved form of purple foliated birch with outstanding, deep purple foliage. Stronger structure than other cultivars. 10 x 5m\*

4. ***Cercis canadensis* 'Forest Pansy'**  
The large, heart-shaped, velvety, dark purple foliage of this small, spreading tree is a delight to the eye. 5 x 5m\*

5. ***Acer platanoides* 'Crimson Sentry'**  
Deep purple, foliage is maintained through the year. Formal, erect maple. Tough enough to grow in many conditions. 7 x 4m\*

6. ***Fagus sylvatica* f. *purpurea* - Purple Beech**  
Elegant, stunning, tough. The Purple Beech is royalty of the tree family. A large, stately tree that makes an excellent specimen. 13 x 9m\*

7. ***Ballerina*® 'Maypole'**   Great space-saver. A wonderful, narrow growing, purple-foliated crab apple tree. Fruit is excellent for jelly. Pink spring blossom. 3.5m x 0.6m\*

8. ***Prunus cerasifera* 'Oakville Crimson Spire'**  An extremely upright form of purple leaved flowering plum. White spring flowers give this tree multi-seasonal appeal. 6 x 2m\*

9. ***Acer palmatum* 'Atropurpureum'**  
A small, dense Japanese Maple with excellent foliage colour. An attractive specimen tree for a protected area in the landscape. 3.5 x 3m\*

10. ***Malus hupehensis* 'Strawberry Parfait'**  
Lovely purple foliated crab apple. Lightly fragrant pink flowers contrast beautifully with the shiny purple foliage. 5 x 6m\*

\*Tree sizes estimated only, at 20 years.  
Ballerina is a registered trademark of Fleming's Nurseries in Australia.

# CHOOSE THE RIGHT TREE

It's as easy as 1, 2, 3

## STEP 1

### What sort of tree do you need?

Pick from the categories listed on page two of this brochure.

## STEP 2

### Pick the tree that you like the most

More information on the beautiful trees listed in this brochure is available on the label attached to the tree or you can see them on our website [www.flemings.com.au](http://www.flemings.com.au)

## STEP 3

Go to your local garden centre and purchase a Fleming's quality grown Top 10 tree.
